TECHNICAL DATA SHEETS / ECOVIP A-CLASS MOTORHOMES

ECOVIP 610

STANDARD OUTFITTING PROVISIONS Towbar / Hidden wiring for cabinets - roof - power supply unit / Parking sensors / Additional fresh water tank with level reading / Generator installation system / Reverse camera / Turbovent

(£) With furniture version "Noce Melinga" the table is in white laminate (instead of anthracite); (***) Optional window in washroom; (@@) With Fiat 43 mechanics (only with 3.800 and 4.035 mm connection) and 180 HP engine the maximum allowable mass is 4,400 Kg; (PTM) TIW stands for Total Increased Weight, or the potential expected increase in weight; (@) Should a motorcycle rack be installed or the Heavy chassis be downgraded, the number of type-approved seats may vary; (#) Weight in running order includes: 75 Kg for the driver, fuel and fresh water tanks (20 Lt) at 90% of capacity, gas at 90% and electric cable, basic standard version. Variance is possible within the tolerance levels of the materials and production processes used. The weights and type-approved seats vary according to engine size, model and accessories supplied.; (##) Before starting to drive, check that the level of the fresh water tank does not exceed 20 Lt.
