## TECHNICAL DATA SHEETS LEGEND

##= Before starting to drive, check that the level of the fresh water tank does not exceed 20 l  
 \$= With optional "rear bed with adjustable height" it is not possible to have the second wardrobe under the rear bed  
 \*\*\*= Window in the washroom  
 @= Should accessories be installed or the Heavy chassis be downgraded, the number of type-approved seats may vary  
 @@= With chassis Fiat 43 (only with wheelbase 3,450, 3,800 and 4,035 mm) and chassis 150 or 180 HP, the maximum possible mass is 4,400 kg  
 °°= With the drop-down bed, the roof-light 70x50 cm is replaced by the roof-light 40x40 cm  
 a= On Fiat Heavy chassis, the total height increases by 5 cm  
 b= Accessories mounted on the roof, for example satellite aerial, solar panel, etc., modify the height of the vehicle  
 c= The useful load indicated is reduced by the weight of the accessories installed and by the weight of the passengers (75 Kg each) depending on the number of approved seats  
 #= The weight in running order includes: 75 kg driver, fuel and waste water tanks (20 L) filled to 90%, gas to 90% and electrical wire, basic standard version. Variances are possible within the tolerances of the materials used and production processes. The weight in running order does not include the weight of passengers. Approved weights and seats may vary depending on engines, options and supplied accessories  
 <= Optional dinette window, right side  
 °= Child bed included
